

LADIES NIGHT A SOCIAL SUCCESS

EAGLES ENTERTAIN WIVES, DAUGHTERS AND SWEET-HEARTS.

The Ladies Night of the Eagles, which was held in the pavilion last night, was one of the greatest functions of the season. There was a fine mixed program for the entertainment of the fair sex and their escorts, and the house was crowded to the doors. The entertainment was interspersed with dancing. The committee in charge, to whom falls the credit of the most successful affair, was composed of the following:

Charles Kellhofer, chairman; Ed. Walker, Chas. Cameron and A. De-war. During the entertainment refreshments were served by members of the organization. The program was as follows:

Vocal solo, Fred Blackford; buck and wing dancing, Teddy Cox; dialect story, Mrs. C. Chapman; vocal selection, Gus Sander; dialect song, Billy Onslow; three round sparring exhibition, Terry Mustain and Larry Dunne; song, Eddie O'Brien; dance, Teddy Cox.

FOREST FIRES ARE BURNING

SANTA ROSA, Oct. 4.—A telephone message from Griser Springs tonight says that a fierce forest fire, which has been raging in the hills for the past two days, has about burned itself out. The flames came within half a mile of the famous geysers, but owing to the veering of the wind the well known resort was spared. The fire started near Anderson Springs, in Lake county, and owing to the fierce wind burned with fury, sweeping everything in its path. Anderson Springs, the Eureka and Socrates mines, and also the camp at Little Geysers burned. Camp Duchary, on Mullan place, was also swept over. At Socrates and Eureka mines everything was destroyed, including buildings, all equipment, and even the horses on the place. One of the worst north winds in years has been blowing in this section the past few days and this fact doubtless is largely responsible for the difficulty the fire gave those who were combating it. Men from Camp Duchary arrived at Geyserville this morning at 3 o'clock, having been compelled to leave, and being unable to do anything to check the ravages of the flames. Many miles were swept over and everything was burned clean. So far as known, no farm houses were destroyed.

THE METAL MARKET.

SAN FRANCISCO, Oct. 4.—Lead, \$4.60 to \$4.75; Lake copper, 14 1/4 to 15; bar silver, 66 1/2.

PERSONAL MENTION

J. P. Loftus was in from Goldfield yesterday. Charlie Biddle, the Manhattan surveyor, is down from the northern trip.

W. T. Madigan is down from Round Mountain to receive his fam- from the East on the train which coming tomorrow, but which has t arrived today. Mr. Madigan is ner of the famous Mulholland use on the Daisy and on which he keeping up the former record of s big producer.

SCHOOL TRUSTEES HOLD MEETING

WILL RIGIDLY ENFORCE COM-PULSORY EDUCATION LAW.

The monthly meeting of the Board of School Trustees was held yesterday afternoon, President W. W. Booth in the chair; present, James J. McQuillan, Gilbert C. Ross.

The salaries of the teachers and other monthly bills were audited and checks signed for the same. It was decided to give Principal Schoer and Miss Pohl separate class rooms, this to be effected by building a solid partition in the large room now occupied by both. It was also decided to put running water into the schools and to make connections with the sewer. Bids will be received for the work at once.

It came to the attention of the trustees that there are a great number of children who are not attending school, and it was decided to rigidly enforce the law of compulsory education, which is as follows:

Section 1.—Every parent, guardian or other person in the State or Nevada, having control or charge of a child or children, between the ages of eight and fourteen years, shall be required to send such child or children to a public school for a period of at least sixteen weeks in each school year, at least eight weeks of which shall be consecutive, unless such child or children are excused from such attendance by the Board of School Trustees of the school district in which such parents or guardians reside, upon its being shown to their satisfaction that the bodily or mental condition of such child or children has been such as to prevent his or her or their attendance at school, or application to study for the period required, or that such child or children are taught in a private school or at home, in such branches as are usually taught in primary schools, or have already acquired the ordinary branches of learning taught in the public schools; provided, in case a public school shall not be taught for the period of sixteen weeks, or any part thereof, during the year, within two miles, by the nearest traveled road, of the residence of any person within the school district, he or she shall not be liable to the provisions of this Act.

Section 2.—It shall be the duty of the Board of School Trustees of each school district in the State, on or before the first Monday in September of each year, to furnish the principal of each public school taught in such district with a list of all children resident in the school district, between the ages of eight and fourteen years, said list to be taken from the report of the School Census Marshal. At the beginning of each school month thereafter, it shall be the duty of the principal of each school in such district to report to the Board of School Trustees of such district, the names of all children attending school during the previous school month; when, if it shall appear, at the expiration of four school months, to the Board of School Trustees, that any parent, guardian, or other person having charge or control of any child or children, shall have failed to comply with the provisions of this Act, the Board shall cause demand to be made upon such parent, guardian, or other person, for the amount of the penalty hereinafter provided; when, if such parent, guardian or other person shall neglect or refuse to pay the same within five days after the making of said demand, the Board shall commence proceedings, in the name of the school district, for the recovery of the fine hereinafter provided, before any Justice of the Peace in the township in which said school district is located; or, if there shall be no Justice of the Peace therein, then before the nearest Justice of the Peace in the county.

Section 3.—Any parent or guardian or other person having control or charge of any child or children, failing to comply with the provisions of this Act, shall be liable to a fine of not less than fifty dollars nor more than one hundred dollars for the first offense, nor less than one hundred dollars nor more than two hundred dollars for the second and each subsequent offense, besides the cost of collection.

NOTICE.

Tonopah Lodge, No. 28, F. and A. M., will hold a called communication at Butler hall, 7:30 tonight. Work first degree. Visiting Masons cordially invited. By order of R. J. DAVIS, S. W. THOS. LINDSAY, Secretary.

WIND DAMAGES THE APPLE CROP

SAN BERNARDINO, Oct. 3.—A high wind today swooped down on the Yucaipa Valley, the famous apple country, fourteen miles southeast of this city, and totally ruined the crop. Tons of apples were stripped from the trees and lie on the ground to spoil. Apples were hardly matured when the blow came. Yucaipa Valley supplies a large part of southern California with apples.

PRESIDENT ORDERS LICENSE REVOKED

EVANSVILLE, Ind., Oct. 4.—United States Inspector of Hulls Williams for the local port, this afternoon received a telegram signed by President Roosevelt, directing the license for the steamer Fred Hartweg, carrying Pittsburg delegates in the present river trip, be immediately suspended. The telegram follows:

"Memphis, Oct. 4, 1907. 'On board U. S. S. Mississippi. 'Supervising Inspector of Vessels, Evansville, Ind.

"I direct that the license of master, or whoever is responsible for Fred Hartweg during the present voyage, be suspended at once for 90 days. I wish this done by telegraph, wherever it may be, if such procedure is possible. Colonel Sears can give you details of misconduct which has been of a serious nature and might have at any time caused an accident to this boat as well as to other boats.

"(Signed) 'THEODORE ROOSEVELT.'

The steamer Fred Hartweg's home port is Cairo, and it is inspected at Evansville.

NOTICE.

Conductors, trainmen, foremen and helpers, engineers and firemen, formerly in employ of these companies who have voluntarily terminated their employment by not reporting for duty and resuming work by 10 p. m., October 3d, 1907, can obtain wages due them upon request. Applications for employment in above positions will be received and considered.

J. F. HEDDEN, General Supt. Tonopah and Goldfield, and Bullfrog and Goldfield Railroad Companies. 10-5-11

NOTICE.

There will be a business meeting of the Tonopah Stock and Exchange Board on Saturday afternoon at 1 o'clock at the Stock Exchange Room. Business of importance to be attended to. Members in good standing are requested to be present. By order of the board.

T. S. JACOBS, Secretary. 10-5-11

BASEBALL SCORES.

SAN FRANCISCO, Oct. 3.—The following are the scores for today's games: Portland 5, Oakland 3; Los Angeles 2, San Francisco 1.

FINE EXHIBITION OF LEAF LEDGERS

There are now on exhibition in the office of The Bonanza, samples of leaf ledgers with the lock system, which have just been completed in The Bonanza bindery. The public in general, and the accountants, mining office men and brokers, in particular, are invited to visit the office for an inspection of the work that is being turned out. To those who have not had any work done by the bindery, the manner in which it is turned out will be a revelation.

We maintain, as we have right along, that the work, the execution and finish, cannot be excelled anywhere in the state, and nothing better can be turned out in San Francisco. It will pay to have your work done at home, and once you do this, you will do it ever after.

Journals, cash books and ledgers—just the thing the merchant needs—best that can be made. For sale at the Bonanza office.

IS GOOD SHOW AT THE BUTLER

One of the neatest pieces yet put on at the Butler was pulled off last night, and the players in "Fads and Fancies" made a hit. Eddie O'Brien and his songs were fine. Billy Onslow is always good and is now at his best. Fred L. Griffiths had a good part, and with Helen Douglass and Lottie Darragh all went well and it is one of the best yet seen. The chorus work was up to its standard as usual and the motion pictures were very good, as Spud Murphy rustled new films regardless of the trains.

INSPECTING FAIRVIEW MILL.

Grinding Away on the Ore From Famous Round Mountain Mine.

The Fairview Round Mountain Mines Company mill is still grinding away on ore from that now famous mine. President Reese Wampler and Vice-President A. T. Spencer are both here again and Mr. Wampler yesterday gave out the statement that the mill run to the present time showed an average value for the ore treated of better than \$20 to the ton. As President Wampler stated, a whole lot of the ore will give assay values up into the hundreds, but conditions are such at the present time that a great deal of low grade ore is being milled—ore that will go no better in some cases than three or four dollars a ton—thus reducing the average of the total mill run to the figure named. Later, Mr. Wampler states, more of the higher grade of ore will be mined and the average will be raised. Even the average of \$20 a ton is a mighty good showing for a two months' run from a mine only recently opened.

At the Fairview mine the work of getting out the ore continues with the same activity which has always characterized the Fairview officers as mining men of thoroughness and ability. The raise which has been run on the ore body from the tunnel level in the south drift, has reached the surface and values have not diminished to any extent. Connections have been made with the various workings and now the entire mine is exceptionally well ventilated.

Secretary H. J. McGhan is expected in Round Mountain within the next few days and on his arrival the officers of the Fairview company will go over matters pertaining to mine and mill management together and decide on their future campaign of development. A new mill to be erected on the Fairview property is one of the probabilities of the near future as well as a power hoist, which the company expects soon to install. Round Mountain Nugget.

Johnny Was a Sport

It happened in Sunday school. None of the children had studied their lessons, apparently, and as for Johnny, the new boy, he wasn't supposed to know much about it, anyway.

"Now, Willie," said the teacher, "who was it swallowed Jonah?"

"I dun'no," giggled Willie.

"Bobbie, can you tell me who swallowed Jonah?" continued the teacher.

"You can search me," said Bobbie.

"Tommy, who swallowed Jonah?" asked the teacher, a little severely this time.

"Please, ma'am," whimpered Tommy, "it wasn't me."

"Well, I declare!" ejaculated the teacher. Then, turning to the new boy, she asked, "Johnny, who swallowed Jonah?"

"I'll bite," said Johnny. "What's the answer,"—Harper's Weekly.
